

Respectful Relationships

'Vox Pop' Outcomes

Featuring school leaders from South Gippsland the video series aimed to build a shared understanding and commitment to the Respectful Relationships initiative within local communities.

...the videos are underpinned by two ideas...
LEADERSHIP and a **WHOLE-SCHOOL APPROACH**

LEADERSHIP

If a leader demonstrates support for a community issue, there is strong evidence that community confidence in that issue can be generated.

WHOLE SCHOOL APPROACH

Changes in attitudes and behaviour can be achieved when:

- Positive attitudes, behaviours and gender equality are promoted across the school community
- Classroom learning is reinforced by what is modelled within the school community

Respectful Relationships

'Vox Pop' Outcomes

After watching the videos...

87%

of respondents increased their knowledge and understanding of Respectful Relationships

91%

of respondents understood they have a role to play in Respectful Relationships

"My role as a parent/carer is to"...

- model respectful relationships at home
- to convey to kids around me that there are no "girl" or "boy" toys/jobs/sports"
- support the same message being delivered at school and model positive behaviour
- promote gender equality in the school and community
- challenge behaviours and language that isn't respectful
- promote respect and gender equality through parenting
